

Manvendra Rajpoot

Backend Developer | Automation & AI | Cloud Engineering | Robust Backend Architecture
+91-945-227-7560 • manvendra.raj.2002@gmail.com • www.rajpoot.dev

Skills

Languages: Python, SQL, Bash, HTML/CSS/JavaScript, TypeScript
Frameworks: Django, DRF, Flask, FastAPI, ReactJS
Tools: Git, Linux, Docker, Kubernetes, NGINX
Databases: PostgreSQL, MySQL, Redis, MongoDB
Other: API Design, Unit Tests, Integration Tests, End-To-End Testing

Experience

Python Backend Developer	CloudTechTiq	October, 2024 - present
<ul style="list-style-type: none">Developed AI-powered customer support features (grammar correction, response suggestions), reducing ticket resolution time and improving response quality.Designed and implemented a multi-tenant SaaS architecture with MFA, RBAC, and secure access controls to ensure data isolation and user security.Built a real-time notification system using live updates with email/SMS fallback, improving system reliability and user engagement.Implemented background job processing for emails, reports, and scheduled tasks, improving system scalability and operational efficiency.Enforced API security best practices, including authentication, authorization, and rate limiting, to protect sensitive user data.		
Python Backend Developer	Radixlink	June, 2023 - September, 2024
<ul style="list-style-type: none">Built an AI-driven invoice automation system to extract and structure invoice data, significantly reducing manual processing effort.Improved database performance and implemented disaster recovery strategies to ensure high availability and data integrity.Developed a centralized authentication system with MFA and RBAC, integrating Stripe for secure payment processing.Created secure authentication processes that ensured only authorized users could access sensitive data, helping the company meet compliance requirements.Automated testing and CI/CD pipelines, reducing deployment errors and accelerating release cycles.		

Education

Jain University Online	January, 2025 - present
Master of Computer Applications	Software Engineering
Bundelkhand University	July, 2021 - June, 2024
Bachelor of Computer Applications	Software Engineering
